

Electricraft, Inc., to Host On-Site Technical Training in October

TEGG franchise [Electricraft, Inc.](#), plans to host an on-site technical training session in San Luis Obispo, Calif., from October 16 to October 21.

The six-day training session is open to any [TEGG](#) franchise interested in participating, though only 11 seats are available.

The training schedule includes:

- Power Quality Testing on October 16
- Power Quality Testing and TEGGPro on October 17
- Ultrasonic Testing on October 18
- IR Level I Training on October 19 to October 21

The training is \$1,600 per IR participant, and \$2,400 for instructor fees, which will be divided amongst all participating contractors.

The deadline to register for this training session is Sept. 29.

For registration and hotel information, please contact Jenn Cimarolli at jenn.cimarolli@abm.com or 724.514.8999.
