

**Now Available:
Customizable Vertical
Market Brochures on
theSHELF.TEGG.com!**

Ten new customizable Vertical Market Brochures are now available under the Brochures portion of theSHELF.TEGG.com!

Vertical Market Brochures are designed to help prospects in various industries better understand the benefits of proactively maintaining electrical systems through structured preventive maintenance programs.

The new Vertical Market Brochures include:

- **Commercial Buildings and Property Management Industry Solutions**
- **Data Center Industry Solutions**
- **Financial Center Solutions**
- **Government Facilities Solutions**
- **Healthcare and Hospital Industry Solutions**
- **Higher Education Institution Facility Solutions**
- **Industrial/Manufacturing/Processing Plant Industry Solutions**
- **K-12 School District Solutions**
- **Public Gathering Facility Solutions**
- **Water Treatment Facility Solutions**

Each brochure can be customized with your company name on the front page, and company logo and contact information on the back page.

The Vertical Market Brochures are client-facing selling tools to help prospects better understand how TEGG service can benefit their facilities and business, and can be tucked inside the Exploratory Call Brochure.
