Training Recap: Mitsubishi Provided Linc Service with Hands-On VRF System Training in June

Nearly a dozen Linc Service technicians attended a Mitsubishi VRF Citi Multi technical training session at Mitsubishi Electric Cooling & Heating's Ohio Training Facility in Cincinnati on June 25-27, 2019.

The three-day training offered hands-on training on properly installing, servicing, troubleshooting and maintaining VRF systems with live equipment.

The participants included:

- **Chris Barefoot** of Superior Mechanical, Inc.
- **Dave Doub** of Campbell, Inc.
- **Terrance Friar** of Campbell, Inc.
- **John Harrison** of Total Comfort Solutions
- **Kyle Higgins** of Campbell, Inc.
- **Curtis Hollingsworth** of Superior Mechanical, Inc.
- **Eli Johnson** of Star Service of New Orleans
- **Steve Lundy** of ABM Building Services – Orlando, Fla.
- **Larequent Monger** of Mechanical Systems Company
- **Chris Patton** of Star Service of New Orleans

The next Mitsubishi City Multi VRF Training is scheduled for October 29-31 at Mitsubishi Electric Cooling & Heating's Los Angeles Training Facility. The deadline to register is September 27. [Click here](#) for more information.
