

Supplier Recognition

TEMA-Indirect Purchasing recognizes it's highest performing suppliers at the Annual Business Meeting.

These suppliers have proven their ability over the course of the previous year to meet, and in many cases exceed, the challenging expectations they face as a supplier to Toyota Motor Engineering & Manufacturing North America.

They have developed and implemented plans to achieve goals in areas as diverse as Safety, Management / Customer Service, On-Time Delivery, Quality, Cost, Kaizen, and MBE Tier II Development.

Congratulations to those suppliers who have demonstrated excellent performance in their category during 2013-2014.
