

TEGG®

2019 Euro Conference

TEGG®
An ABM Company

Save the Date for the 2019 Euro Conference in London, England!

Save the Date for the 2019 Euro Conference! This year we will be returning to London, England, on September 24-26, 2019!

Conference planning and preparations are currently under way, and we will be sending registration and hotel information in February.

ABM Franchising Group needs your input for TEGG Technical

Training! Based on feedback received from past Euro Conferences, we are planning to conduct Technical Certification courses for all TEGG Technicians as a Technician track this year. However, we will only be able to conduct this training if there is sufficient interest, as these courses are each 3-day training certification courses that will begin on September 24, and they are fee-based programs.

In order to determine if we are able to offer these certification courses, please reply to [Missi Santillo](#) no later than February 1, 2019, if you would like to send your technician(s) to attend one of these sessions. We will then forward the appropriate registration form to you to complete.

If we do not receive sufficient interest to conduct these courses, we will still have a Technician track at the Euro Conference of a different focus. Thank you in advance for your help!

Please mark your calendars for September 24-26, 2019, and plan to join us in London!
