

## Enrolling in TEGG University Courses Has Never Been Easier!

Enrolling in TEGG University Courses is as  
Easy as 1-2-3!

Did you know **TEGG University** offers more than 80 online and on-site courses? Continuous learning is important, as it can help you to stay up to date on changes that have an impact on your career and enable you to adapt your skill set. Participating in a TEGG University course may also spark new ideas or change your perspective on an everyday task.

TEGG University offers courses from basic training for new employees to advanced leadership and sales courses. Courses are available for every job title within your organization, and registration is quick and easy!

Enroll in online and on-site courses through TEGG University's new [Online Student Homepage](#) site. The Online Student Homepage includes:

- All courses available to your job title
- All courses you are enrolled in
- A Comprehensive Course Catalog and Course Finder to search courses by keywords
- A Student Profile with information about your account
- Transcripts with information on all online and on-site courses you have completed

For more information on the Online Student Homepage, including how to login, register as a new student and troubleshoot registration errors, please view the [TEGG Training Guide](#).
